Types of Users and Access characteristics

Types of Users :

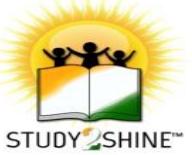

- Student
- Teacher/Tutor
- Parent

Description of Levels that the content on the website will ascribe to :

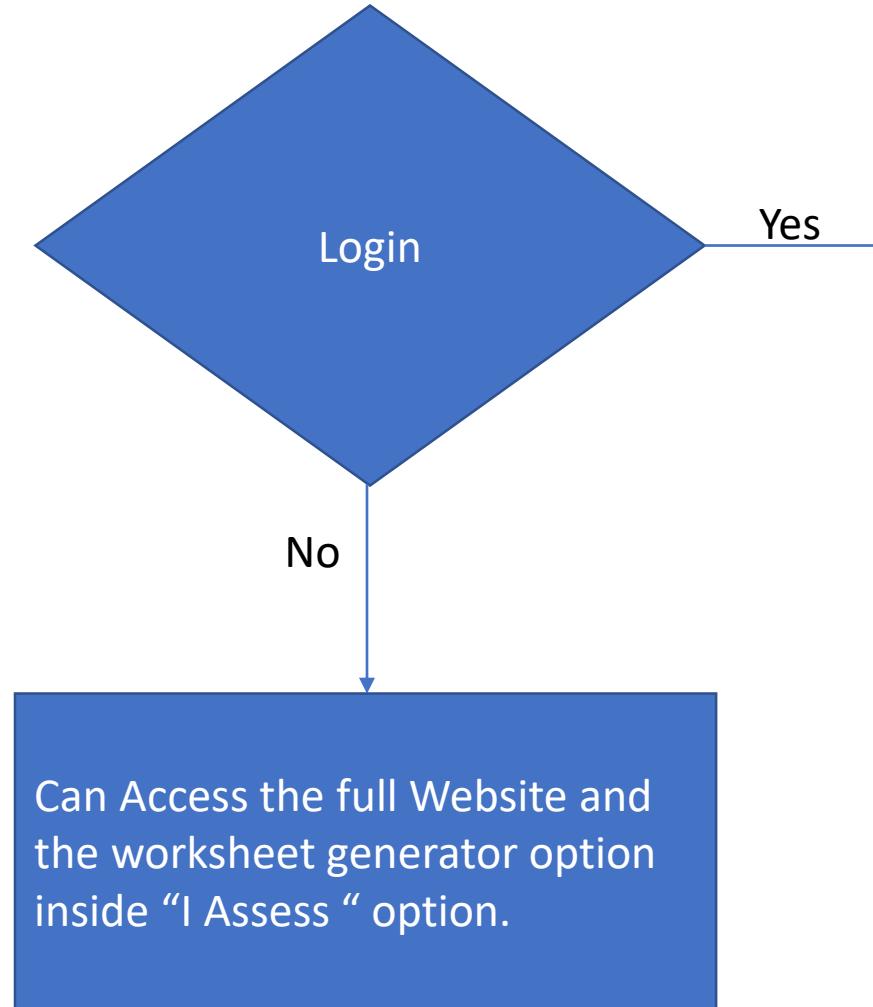

<u>Level</u>	<u>Class</u>
Foundation :	Pre school , I, II
Preparatory :	III, IV, V
Middle School :	VI, VII, VIII
Secondary :	IX, X, XI, XII

Access characteristics:

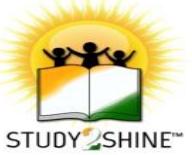

- Every user will have a personal dashboard with respect to the type of login.
- The content inside I Assess will be accessible only when the user logs in.
- Even if the user logins through Single Sign On (SSO) through “*Account Settings*” the following details need to be filled :
 - > Role (Student/Teacher /Tutor/Parent)
 - > Date of Birth
 - > Level (Foundation, Preparatory, Middle School, Secondary)

Login Flow

- Gets a personal dashboard with respect to role.
- Display a bell icon besides the user name in the header. 
- Can access all features of “I Assess” option.
- Level of the User will be highlighted.
- Learning content will be displayed in the content pane with respect to the level selected.
- Add to “My Course List” will be activated
- Test your learning option with each course will be activated.

 - Membership Type [View Details](#)

Notification Settings for Email

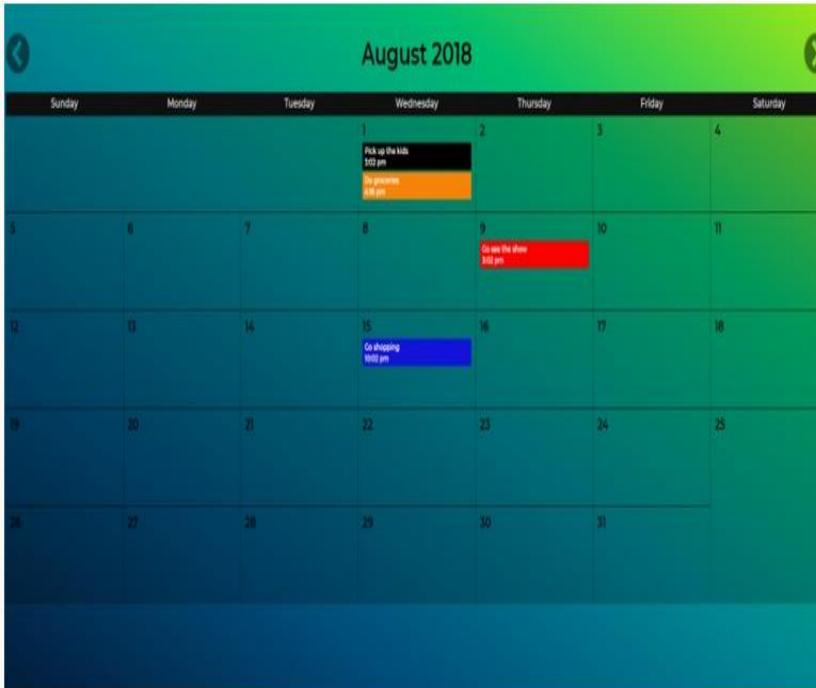

- Send Content Updates, Offers and featured updates.
 - Send reminder set by me on My Calendar
 - Send my/my ward's/my class' Progress Report Daywise/Weekly/Monthly -> This is dependent on the type of login.
 - Send feedback form for the services at [studytoshine.com](#)
- Please Unsubscribe me from your mailing list

if student then
my class' progress report
else if teacher/tutor then my class' progress report
else my ward's progress report

This feature is common for all users .

My Calendar

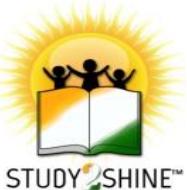

Features & Requirements:

- Ability to add a new "reminder" (max 30 chars) for a user entered day and time
- Display reminders on the calendar view in the correct time order
- Allow the user to select a colour when creating a reminder and display it appropriately
- Properly handle overflow when multiple reminders appear on the same date
- Ability to edit reminders – including changing text, day and time & colour
- Ability to delete reminders
- Expand the calendar to support more than current month
- The bell icon should be highlighted on the day of the reminder and on clicking it a context menu should be displayed containing the "reminder".

This feature is common for student, Teacher/Tutor & Parent

Reference : <https://reactjsexample.com/build-a-fully-functional-calendar-with-reminders-using-react-and-redux/>

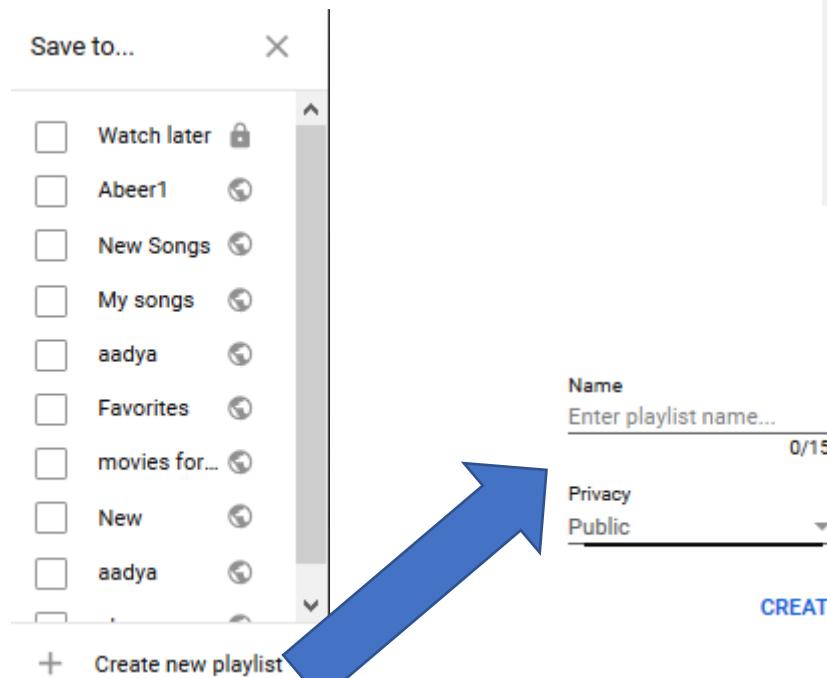

My Course List

This feature shall contain list of videos added to the course list by the user as in YouTube.

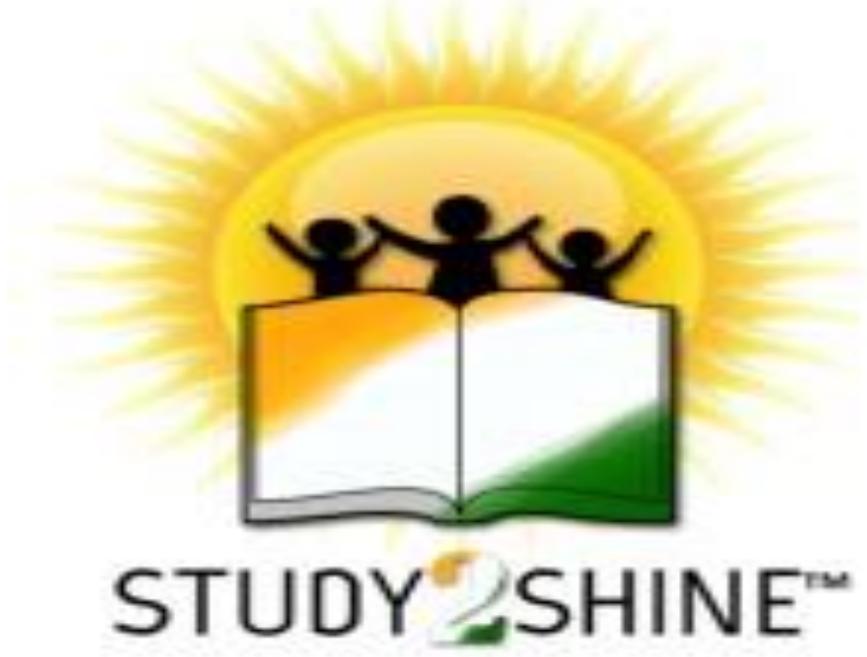

Working :

Add to “My Course List” option shall be visible for all the videos and Courses in case of login.

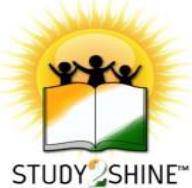

On clicking it a context menu resembling YouTube should be displayed:

This feature is common for all users.

Feature Description : Assessment

The screenshot shows a user profile for "Chetna Khanna" with 3 subscribers. It displays three playlists: "Abeer1" (updated 7 days ago), "New Songs", and "My songs". Each playlist has a "VIEW FULL PLAYLIST" button. Below the playlists are two buttons: "Add to my Test plan" and "Take Test". A red circle highlights the "Add to my Test plan" button for the "Abeer1" playlist.

The form includes fields for "Test Plan" (with a note: "shall contain course/ video selected by checking ~ Add to Test Plan"), "Abeer1" (under "My Songs"), and "Add to my Test plan" buttons. A red box encloses the "Add to my Test plan" buttons for both the "Abeer1" and "My Songs" sections. A red arrow points from the "Test Plan" field to the "Add to my Test plan" buttons.

Will the test be time bound? Yes No

Take test Now? Yes No

Set start Date:

Set end Date:

Do you want to receive notification? Yes No

Assign: Email to remind class

Annotations on the right side of the form include: "on clicking No display calendar should be set with test reminder." and "Score of the test whether individual or test plan should be stored with details such as Test Topics, date taken, score, remarks."

Notes -
1. Progress report shall be generated for each test.

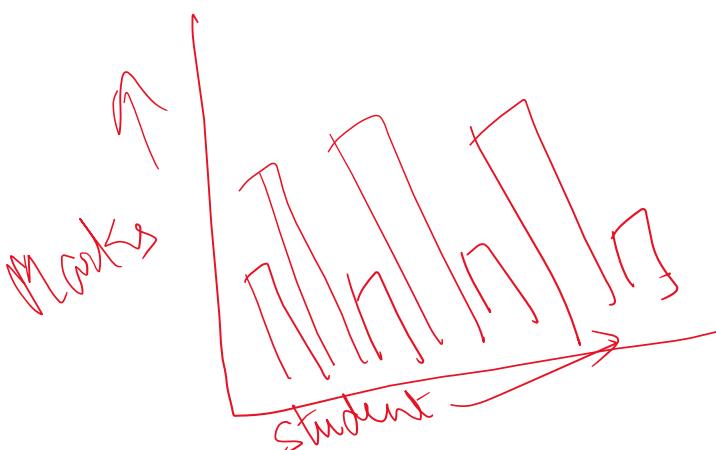

My Class' Performance Report
